BRIEF SUMMARY

Computer Science student with a keen interest in Web Development. Proficient in Frontend Development .

KEY EXPERTISE

Javascript   Tailwind CSS   NextJS   MongoDB   Java   Python

EDUCATION

Dr. Akhilesh Das Gupta Institute of Technology & Management   2022 - 2026
B.Tech. - Computer Science & Engineering | Percentage: 83.70 / 100

Apeejay School Panscheel Park, New Delhi   2022
12th | CBSE | Percentage: 84.20 / 100

Apeejay School Panscheel Park, New Delhi   2020
10th | CBSE | Percentage: 91.80 / 100

INTERNSHIPS

Ecorp infosystems | IT / Computers - Software   01 Jul, 2025 - 01 Oct, 2025
Full Stack Web Developer

Key Skills: Clerk   NextJs   Stripe   React   Tailwind CSS   PostgreSQL

I worked as a Full Stack Web Developer Intern at Ecorp Infosystems, where I contributed to developing and deploying production-level web applications, including a hotel management system and other client-focused platforms. My responsibilities included building scalable features, integrating secure payment gateways with Stripe, and working with PostgreSQL for efficient data management. I collaborated with the team to deliver end-to-end solutions, ensuring smooth functionality, performance, and usability across projects.

Mersate | IT / Computers - Software   17 Jan, 2025 - 17 May, 2025
Frontend Web Developer

Key Skills: NextJS   Tailwind CSS   PyQt   Kivy

I worked as a Frontend Intern at Mersate, where I developed and implemented responsive web pages to enhance the platform's design and user experience. I collaborated with the team to ensure smooth integration of UI components with backend services and contributed to optimizing the overall look, feel, and performance of the website.

PROJECTS

Youtube Backend

Key Skills: MongoDB   Javascript   NodeJS   Multer   JWT

Project Link: https://github.com/vyash0007/VideoTube-Backend.git

Developed a backend system that replicates core functionalities of YouTube, including user authentication, video upload and streaming, comment and like systems, and subscription management. Implemented secure authentication with JWT, optimized database design for scalability using PostgreSQL/MongoDB, and integrated cloud storage for handling video files. Built RESTful APIs to support features such as video search, recommendations, and analytics, ensuring high performance and reliability.

Anonymous Feedback

Key Skills: NextJS   TypeScript   Resend API   Next Auth   Tailwind CSS   MongoDB

Project Link: https://github.com/vyash0007/AMA-APP.git

Built a full-stack web application for collecting and managing anonymous feedback. Implemented secure authentication, a scalable database design, and RESTful APIs for feedback submission and retrieval. Developed a responsive frontend with Next.js, TypeScript, and Tailwind CSS, ensuring high performance and seamless user experience.

Horizon Banking App

Key Skills: NextJS   Tailwind CSS   Plaid   Dwolla   Sentry   Chart Js   Appwrite

Project Link: https://github.com/vyash0007/Horizon-Banking-App.git

Built Horizon, a modern-day banking application featuring a comprehensive finance management dashboard. Developed with Next.js and TypeScript, the app delivers secure user authentication, real-time bank account integration via Plaid, and ACH payments powered by Dwolla. Designed with Tailwind CSS and Chart.js, it provides responsive visuals and insightful charts, optimized for both desktop and mobile. Backed by Appwrite for efficient, scalable backend operations.
